

RL3 Multi rods electrode

RL3 Multi rods electrode
Conductive level control;
max 5 rods
Max electrode length: 3m

Housing	
B	PVC black; IP66
Process connection	
18	G 1" ½ / Black PVC
Electrodes support	
D	For nr. 3 electrodes
F	For nr. 5 electrodes
Accessories / Electrodes	
0	None
1	L= 1m ø6mm SS316 rod - unit price
2	L= 2m ø6mm SS316 rod - unit price
3	L= 3m ø6mm SS316 rod - unit price
4	PVC spacer (585B045P)

CLN Electrode for well and borehole

CLN Electrode for well and borehole

Base	
CLN	ON/OFF conductive level control electrode, to be fixed to the connection cable (not included) Electrode material SS316 Ø 6mm - External pipe in PVC to avoid short circuits
